## Morning Music Club.

A delightful meeting of the Morning Music Club was held Wednesday morning at 10 o'clock at the Kawahao Seminary in Manoa Valley. A splendid program was rendered. Mrs. John D. Sibley, who is staying at the Moana hotel, gave much pleasure to the audience, for Mrs. Sibley's lyric soprano is as clear as a bell and wonderfully sympathetic; and it was a musical treat that so many could hear her. Wednesday's affair was an open meeting, each one of the guests being privileged to invite three friends, so there was a large audience. Mrs. Sibley is president of the Morning Music Club in San Francisco. Mrs. Charles Bryant Cooper is the president of the local club. A pretty compliment was paid Mrs. Sibley by Mrs. Cooper, presenting her with a large bouquet of American Beauty roses as a token of the club members appreciating her singing. This society matron looked very handsome in a grey silk crepe de chine, heavily embroidered, with a French hat to match. She accepted the gift in a gracious manner. There will be one more meeting of this interesting and instructive club. So many members are "out of town" during the summer that it has been decided to discontinue them until October. The place of meeting for the concert which will occur during the next fortnight, has not been decided upon. The following program was enjoyed Wednesday by the Club members and guests:

## Great Sheffield Choir Billed Here and Two Soloists

Music lovers of the city are looking forward with great anticipation to the coming of the noted Sheffield choir of England, which will appear here in two concerts on the afternoon and evening of May 26 at the Opera House. The choir will arrive on the steamer from Vancouver in the morning, and will leave again at midnight for Australia, special arrangements having been made with the steamship company to make the sailing hour after the concert.

The Sheffield choir is making a tour of the world, and this month is on the way to the Pacific coast through Canada. According to its schedule it is in Vancouver, B. C., this evening, and after appearing at Victoria and Seattle will return to Vancouver to catch the steamer sailing on May 19.

"Musical Reciprocity Around the World," is the official title of the tour, and Dr. Charles Harris, director of the great choir, announces the tour as part of the great movement for world-wide peace. But of more immediate interest to music-lovers is the merit of the concerts themselves.

The Sheffield Musical Union was

founded by Dr. H. C. Coward in 1872. The choir consists of wealthy manufacturers and ladies of social standing called to the baton by their leader, Dr. Coward. Rehearsals for them are frequent, as many as one hundred sometimes being called in a year; and seldom is it that the full master-roll is incomplete. Of the two hundred chosen to uphold the renown of the famous Sheffield Choir in their visit around the world, many are conductors of choruses themselves; whilst there is not amongst them a singer who is unable to read at first sight the most difficult choral music ever written. The entire repertoire, embracing a long and exacting list of Works, Choruses, Madrigals, Glees and Part-Songs is committed to memory by the Choir, a herculean task such as perhaps no other chorus in the world is capable of. The Sheffield Choir, however, are as familiar with the standard and modern repertoire as to make this effort of memorization to them comparatively easy of accomplishment.

The seat-safe has been announced to open on May 26th at the Bergstrom Music Company.
